

Dare to Compare.

Type the numbers straight into this PDF as you visit each builder. Fill one sheet per home, then compare them side by side. Best in a desktop or tablet PDF reader (Acrobat, Preview, Edge) where fields save and the contract price auto-totals. On a phone, use the web tool.

THE FIVE RULES OF A FAIR COMPARISON

- 1 Compare like with like.**
Match usable size, beds, baths, stories, garage, lot, and must-have features.
- 2 All-in, not “from.”**
The advertised price is the floor. Add lot premium and structural options you need.
- 3 Know the tax district.**
Rates vary by community and section — a MUD or PID adds an assessment. Get it in writing.
- 4 Weigh the incentive.**
A larger headline isn't automatically better. Compare cash to close and the payment after temp terms.
- 5 Decide on paper.**
Capture on site; decide later. Verify the terms — don't sign on verbal pressure alone.
